

GPCA Members,

The ballots for our Board of Directors election are in the mail to you and you should be received shortly. There were some circumstance with our nominations and ballots I would like to explain.

John Payne's biography was not originally posted. It was received on time in accordance with our procedure. I, the Secretary, was remiss regarding the timely posting of the biography on our website. This biography was included in the ballot mailings.

Dave Daugherty's nomination for the one-year term was received after the deadline defined in our Bylaws and therefore initially rejected. Later it was discovered that the Secretary's email address was listed incorrectly on our website. Dave provided copies of the email nominations, sent to this incorrect address, dated within the defined deadline. Given these circumstances, the Board of Directors accepted Dave's nomination. The ballot for most of our members was corrected and Dave's biography was included. Approximately 70 ballots were mailed without Dave listed on the ballot and his biography was not included. These 70 members will receive a second supplemental ballot containing only the nominations for the one-year term. This ballot may be returned in the original ballot envelop or the second, separate envelop provided with the supplemental ballot.

If you have any concerns, please contact me at gpcasecretary@gmail.com

Sincerely,

-Amy Zacher

Secretary, GPCA
